

Dear Lord

Draw our friend Pat Munroe, who is suffering from a stroke, close to you.

Look with love on him.

**Help us to understand his fears and anxieties,
that we may support him and to love him.**

**Please O Lord, when his life seems most difficult,
may he find the human touch of compassion and concern.**

**At the times when his innermost being is torn and uncertain,
May he feel your sheltering nearness and merciful care.**

**Jesus, you move things in mysterious ways.
Please grant Fr Pat who is suffering physical weakness,
the reassurance that you are his Friend and God and
he is your friend.**

**And please let him recover to normal life
in which he serves you as your priest and friend of people.**

For this we humbly pray:

Hail Mary..

Our Father..
